Science

The word "Science" is rendered in a hand-drawn, illustrative style. Each letter is integrated with a scientific or biological concept:

- S:** A yellow measuring tape with black markings.
- C:** A brown C-shaped object with red caps at both ends, resembling a DNA helix or a molecular structure.
- I:** A green Erlenmeyer flask with a vertical line down the center, with three small green droplets floating above it.
- A:** A blue safety goggles with a brown strap, positioned over a brown rectangular object with a blue square in the center, possibly a microscope slide or a sample.
- N:** A brown letter 'N' with a blue vertical bar on its right side. Two red-tipped grey tubes are attached to the right side of the 'N', resembling a microscope's eyepiece and objective lenses.
- E:** A red, textured, spherical object with a white skeletal structure extending from its base, resembling a biological specimen or a specialized piece of equipment.
